# Coding & Robotics

Technology is our present and future. Our workshops prepare your children for technology orientated careers by developing the essentials of programming and robotics. Students learn how to use tech to solve real life problems. They design a solution and then programme it themselves. From designing programmed cars that can avoid accidents, to automating cranes and drawing up bridges.

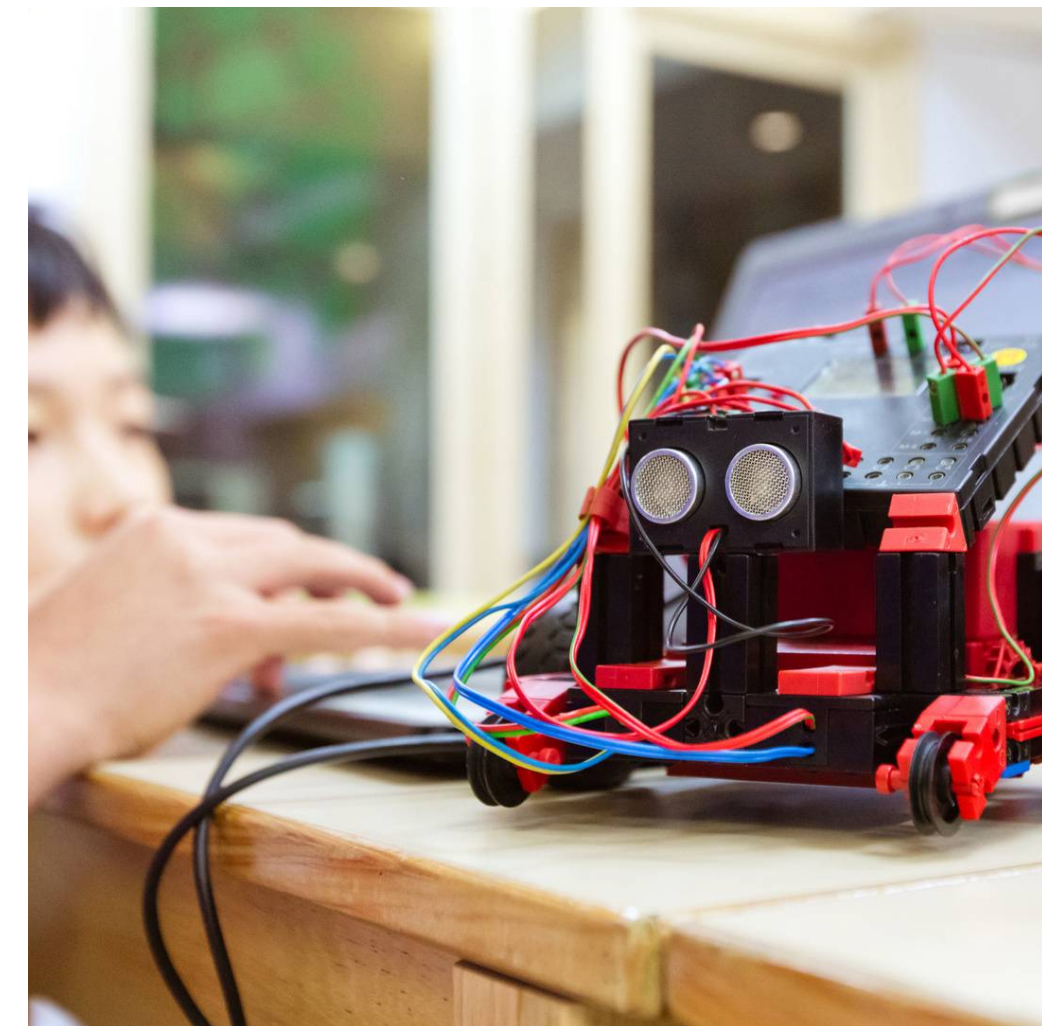

Student's will learn:

- Understanding of coding and programming
- Linking modern tech to real-life applications
- Application of mathematics to solve real life problems
- Advanced problem solving
- Critical thinking skills
- Team work.

MONDAY | 2 - 3pm

Ages 5yrs +

12 classes 1,030AED
