

CREATIVE MINDS

AFTER SCHOOL PROGRAM

BRIEF INTRODUCTION

THE CREATIVE MINDS AFTER SCHOOL PROGRAM WILL BE LED BY OUR EARLY YEARS STAFF AND HOUSED IN THE EYFS LEARNING ENVIRONMENTS WHICH ARE CUSTOM DESIGNED TO SUIT THE NEEDS AND INTERESTS OF EACH AND EVERY CHILD

HIGHLIGHTS

01

The program is aimed for children 3 years old to 5 years old (FS1 - FS2)

02

The program aims to engage and encourage children to build on their love of learning, to develop the sense of enquiry and exploration, and to enhance their creativity and critical thinking skills.

03

The program will promote social, personal and emotional development which enables children to develop their personalities, key strengths and so much more.

UNDERSTANDING THE PROGRAM DEEPER

CONCEPT AND DEFINITION

The Creative Minds timetable details the activities and specialised sessions your child will have the opportunity to take part of each week. Sessions will be delivered by the Early Years staff and take place in our creative learning environments.

CONCEPT AND DEFINITION

The Creative Minds Program is there to assist working parents with an alternative to home care to an academic surrounding. It provides the children with a holistic education so that each child is an all rounder and reaches their highest potential.

CONCEPT AND DEFINITION

The Creative Minds Program will integrate two sections to the day with the choice of two pick up times to give our parents the flexibility to suit their schedules without the added stress.

OUR AIM

The primary aim of the Creative Minds Program is to ensure that children feel welcome in an environment that builds upon their needs, curiosity and interests.

The Creative Minds Program recognises the importance of play-based learning as a fundamental process of learning and development.

Play provides an opportunity for children to come to terms with themselves, their culture and language, with other people and the world, and to make sense of real-life situations. Play provides opportunities for exploration, investigation and problem solving and for children to use what they have learned in different ways- through music, language and imaginative and creative activities.

OUR VISION

- Promote and encourage independence, enabling children to become leaders of their own learning.
- Encourage self-expression, creativity and imaginative thinking.
- Develop self-confidence
- Value every child and recognise their need for love and security
- Provide a holistic learning experience and setting challenges to help children appreciate the wonder of the wider world.
