RATIONALE

We are committed to activate learning in a safe and productive environment where all members are expected to demonstrate a positive attitude to their learning, to behave with respect to themselves, to others and to their environment. We have a very clear set of non-negotiable standards of personal behavior which promote good behavior, self-discipline, respect, prevent bullying, on-time task completion and to regulate conduct.

In our school, staff and students have the right to work in a safe, orderly and supportive environment, which is free from distraction and where they feel respected and valued. We trust a calm and disciplined learning environment based on mutual respect and positive relationships is the best place in which student progress can be achieved.

AIM

- To create an appropriate and safe educational environment where alternative initiatives are in place based on crises and natural disasters.
- To ensure an inclusive educational environment to achieve success by applying the culture of reinforcement, encouragement, and permanent care to the community to reduce behavioural offences
- To promote student and parent awareness of their obligations to maintain self-control and good behaviour
- To ensure implementation of well-defined mechanisms to tackle student behaviour deviations and protect school values and systems through changing and emerging conditions.
- To promote positive behaviour and practice healthy relationships to inculcate self and public responsibility among students within the school community.

We trust,

- All our students can choose acceptable behaviour
- Students can build positive achievement within a structured framework of behaviour management
- We can recognise behavioural norms and promote them in a positive way
- We can provide a consistent and clear view of what we mean by good behaviour
- We can teach appropriate behaviour through positive interventions
- We can ensure that this is based on the promotion of self-esteem and self-discipline

School management: The school management is responsible for ensuring that a reasonable and effective Code of Behaviour and Discipline exists where rules, procedures, ways to promote positive behaviour, affirming student efforts, rewards and consequences, and its implementation procedures are developed with the

participation of all the stakeholders.

Our staff, students and parents are expected to

Staff/administration	Students	Parents

FEEDBACK

We believe that consistent feedback plays a critical role in shaping all results whether given for academic achievement or behaviour management. Our feedback is specific to help students understand the effectiveness and impact of their choices, which enable our students to learn from mistakes, enjoy their effort, and to become lifelong learners.

ACCOUNTABILITY

Students are expected to take accountability for the impact of their choices. Through positive and representative conferencing, students will be given the opportunity to reflect on the impact and find ways to restore relationships.

REINFORCING DESIRABLE CONDUCT

Situations that may require reinforcement:

- Distinguished excellence in skills which promote positive, safe, caring, healthy relationships, and mutual respect or the skills holding together the school ethos and values in developing excellent citizens.
- Excellent progress after retardation or failure, regularity in doing school homework, handling school facilities and maintaining the same.
- Outstanding attendance and punctuality.
- Positive and active involvement in school activities and contests.
- Distinguished excellence in adherence to the society's values, customs and traditions.
- High level of performance and motivation for learning, appreciation for education, and modelling best behaviour.
- Having and practicing leadership and cooperation skills, and shouldering responsibility and ownership.
- Participation in executing projects and programmes which have a positive impact on the school and local communities.
- Any student's adoption of positive conduct after rectifying undesirable behaviour.

DESIRABLE CONDUCT REINFORCEMENT METHODS MAY INCLUDE:

The desirable conduct of the student is reinforced using varied methods including:

- Commendation/written appreciation through e-learning platforms like toddle/classroom board/special assemblies/social media or everything published by the school.
- Stickers, badges or stamps
- Star/ Reward Charts
- Student/Star of the Week
- Honouring the student in school celebrations/assemblies
- Representing the school in external events
- Online meet/sending the child to the respective Phase Head or Head of School for praise
- Thanks and appreciation letters issued or approved by the school administration and delivered to the student or his parent.
- Representing the school in student meetings, seminars or conferences, or official student delegations.
- Prizes, certificates and awards

CLASSROOM MANAGEMENT AND CURRICULAR PROVISION

- The maintenance of positive behaviour within the school is the responsibility of all staff. Individual staff have particular responsibilities e.g. within their own classroom or when on duty supervising entry and exit duties.
- Staff endeavour to model desirable behaviour and attitudes and avoid negative sequences of behaviour.
- Every opportunity is taken to support self-discipline, whereby students are personally involved and accept responsibility for their own actions and behaviours.
- Teaching methods, lesson content and other curriculum linked activities encourage active participation and support the school aims to develop the skills, knowledge and understanding which will enable the students to work and play in co-operation with others in a respectful way.
- Students have age appropriate responsibilities assigned with peers or staff to create a collaborative ethos and promote well-being and shared stewardship of the school.
- Praise is used to encourage good behaviour as well as good work and constructive criticism should be a private matter between a staff member and student where possible.
- Teachers under guidance and support manage particular need/s of the students.
- All staff and students are familiar with the school Code of Conduct.

DESIRABLE CONDUCT REINFORCEMENT CONTROLS:

- Reinforcement should match in type and degree
- Reinforcement opportunities should be fairly available for everybody.
- Reinforcement strategies shouldn't turn to frustrate those who don't receive any.
- Reinforcement should be directed to the response of the student and not to his personality.
- Reinforcement methods should vary between moral and material (certificates/points/etc...)
- Avoid exaggeration in using means of reinforcement.
- Reinforcement should immediately follow occurrence of the desirable conduct.

RECTIFYING UNDESIRABLE CONDUCT

Our Code of Conduct clarifies particular actions that are not permitted and that will trigger disciplinary action. Disciplinary action is commensurate to the level and frequency of the breach of the Code of Conduct and is carried out in a staged, transparent and fair manner, with involvement of parents, teachers, and specialists as relevant. We take a restorative approach to dealing with behaviour issues. We emphasise on developing positive behaviour, so disciplinary interventions encourage students to improve their conduct and develop positive behaviour patterns. However, where there is insufficient change in behaviour, or if the misconduct is very serious, disciplinary action is likely to lead to limited or permanent exclusion.

In the event that a student of determination commits a behavioural offence during distance/physical learning, the designated authority and the school support team will coordinate with each other and with the Inclusive education support dept. if required; to determine the relationship between the offence and the student of determination, and then apply the measures.

SITUATIONS REQUIRING INTERVENTION TO RECTIFY THE UNDESIRABLE CONDUCT:

Any situation where the student is breaking the school's behaviour and disciplinary protocols, require to be corrected with rectifying mechanisms.

UNDESIRABLE CONDUCT RECTIFYING CONTROLS

When enforcing the measures of undesirable conduct rectification, the following should be taken into account:

- Verification of the occurrence of the conduct.
- Applying the rules with the aim of guiding and rectifying the conduct, rather than demonstrating anger and revenge.
- Dealing with the student on the basis of respect for his/ her character and feelings, and prioritising the reinforcement strategies over the rectifying measures.
- Taking into account the circumstances in which the fault occurred and the frequency of its occurrence.
- In cases of extreme or repeated misconduct where safety, well-being, or the integrity of the school community is at risk, the school reserves the right to proceed with expulsion.
- Fairness, equality and confidentiality in treating students.
- The enforced procedure should be suitable to age and all ability groups
- The enforced procedure should be suitable to the nature of the conduct, and the severity and frequency of the undesirable conduct
- Avoiding cruelty, psychological abuse, vilification, insult, mocking, sarcasm, or humiliation.
- Focusing on the student's conduct rather than the student's personality.
- Not enforcing measures on all classroom students or a group because of a fault committed by one of the students.
- The procedures should be immediate and suitable to the level and nature of the conduct.
- Not applying any penalty to the student without considering the school's responsibilities for required procedures
- Considering the student's problems from the social, educational, psychological and financial perspectives prior to enforcing the measures.

We are prohibited from taking certain actions against students, which include the following:

- Corporal punishment of all types and forms.
- Preventing the student from having his/her food.
- Provoking or mocking the student.
- Preventing the student from going to the toilet.
- Restricting student freedom or holding him/her in the school.
- Threatening to reduce the scores of school subjects.

DIGITAL BEHAVIOUR TRACKING: TODDLE BEHAVIOUR MANAGEMENT MODULE

The school uses the Toddle Behavior Management Module as its designated digital platform for logging, tracking, sharing, and reporting all behavior and pastoral incidents. This system supports the school's commitment to consistent, transparent, and data-informed behavior management by ensuring that every incident whether positive or requiring intervention is accurately recorded, appropriately actioned, and accessible to authorized staff in real time. The platform aligns with the school's restorative approach and enables early identification of patterns of concern, thereby supporting timely and proportionate responses.

All staff are required to use Toddle as the sole official record for behavior-related documentation. Data entered into Toddle constitutes part of the student's formal school record and is subject to the school's confidentiality and data protection obligations.

ROLES AND RESPONSIBILITIES ON TODDLE

All members of the school community interact with the Toddle Behaviour Management tracker in ways appropriate to their role. The table below sets out what is expected of each stakeholder group.

Staff / Administration	Students	Parents / Guardians
- Log all behavior and pastoral incidents in Toddle promptly and accurately at the point of occurrence. - Select the correct incident category, sub-category, and severity level in accordance with this policy's offence framework. - Share or refer incidents to relevant colleagues (Phase Head, School Counsellor, Safeguarding Officer) using the platform's referral function, as required. - Tag and record all actions taken against an incident, including verbal warnings, parent meetings, and referrals. - Mark incidents as 'Resolved' only once all required actions have been completed and documented. - Use the AI-assisted drafting tool to compose nuanced, professionally worded incident reports where needed. - Review individual student incident dashboards and trend graphs when preparing for parent meetings, counsellor referrals, or	- Engage honestly and constructively with the process of recording incidents; students may be asked to provide their perspective as part of a restorative session. - Access their own behavior record on Toddle (view-only mode) to review logged incidents and actions taken. - Understand that all incidents, whether positive credit entries or disciplinary records, form part of their official school profile for the current academic year. - Not attempt to access the accounts or records of other students.	- Access the Toddle parent portal to view any behavior incidents that the school has formally shared with them. - Review shared incident reports, including category, severity level, location, and actions taken, as disclosed by the school. - Engage promptly with any school communication generated via the platform, including notifications of meetings or undertakings. - Raise any concerns about a logged incident directly with the class teacher or Phase Head; disputes are not to be raised through the platform messaging function without prior school contact. - Understand that access is view-only and restricted to incidents explicitly shared with them; parents do not have access to other students' data.

Staff / Administration	Students	Parents / Guardians
pastoral reviews. Maintain strict confidentiality and access only those incidents to which they have been granted role-based permission.		

INCIDENT LOGGING PROTOCOL

Every incident whether a positive credit point entry or a disciplinary offence will be recorded on Toddle using the following protocol to ensure consistency and integrity of records across the school.

PRIVACY, CONFIDENTIALITY, AND DATA GOVERNANCE

All data recorded on the Toddle Behaviour Management Module is considered sensitive personal data and is governed by the school's Data Protection Policy and applicable UAE data protection regulations. The following principles apply:

- ❖ *Access to incident records is strictly role-based. Staff may only view incidents they have created, incidents shared with them by a colleague, or incidents referred to them in their designated role.*
- ❖ *Administrators and Phase Heads have broader supervisory access in accordance with their responsibilities, as configured by the school administrator.*
- ❖ *Students have view-only access to their own records. They cannot view incidents involving other students.*
- ❖ *Parents and guardians have view-only access limited to incidents explicitly shared with them by the school. Not all incidents are automatically shared with families; sharing is a deliberate action by the responsible staff member.*
- ❖ *Any breach of platform security, including unauthorized access or sharing of login credentials, must be reported to the school administrator immediately.*
- ❖ *Staff must not use personal devices or personal accounts to access or record behavior data; all access must be through authorized school accounts.*

BEHAVIOUR ANALYTICS AND REPORTING

The school will use the Toddle platform's analytics and AI-powered insights to monitor trends in student behaviour at both the individual and whole-school level. These insights are used to inform early intervention, pastoral planning, and policy review.

Student analytics:

- Phase Heads and the School Counsellor will review each student's incident history graph and behaviour timeline at least once per term, or whenever a formal review meeting is scheduled.
- Early indicators of concern - such as a pattern of Level 1 repeat offences, increasing incident frequency, or clustering of incidents in specific times or locations - must be escalated to the School Counsellor within five school days of identification.
- Insights from the behaviour data will be used to identify patterns relating to specific times of day, locations, staff groups, or student year groups, and to inform professional development, environmental adjustments, or policy amendments.

ALIGNMENT WITH THE SCHOOL'S BEHAVIOUR LOG POINT SYSTEM

All credit points and deduction points assigned under the school's Behaviour Log framework (as set out in this policy) must be recorded on Toddle. The following mapping applies when categorising entries:

Toddle Severity / Category	Corresponding Policy Entry
Positive credit (+1 to +3)	Log as a positive behaviour entry using the applicable credit descriptor (e.g., Good listener, Punctual, Leadership). Assign the matching positive point value.
Level 1 (–1)	Log as a Level 1 offence. Assign severity Level 1 in Toddle. Class teacher is the responsible logger.
Level 2 (–2)	Log as a Level 2 offence. Assign severity Level 2. Share with Phase Head in Toddle on the day of the incident.
Level 3 (–3)	Log as a Level 3 offence. Assign severity Level 3. Refer to Head of School and Safeguarding Officer via Toddle referral function on the day of the incident.
Level 4 (–4)	Log as a Level 4 offence. Assign severity Level 4. Immediate referral to Head of School. Board of Governors and/or local legal authorities informed as appropriate. Data entered into school record.
Specialist Intervention (0)	Log as a Specialist Intervention entry with no point deduction. Refer to School Counsellor or inclusive education support team via Toddle referral function.

DISTANCE LEARNING EXPECTATIONS

(Aligned with UAE Ministry of Education and KHDA guidelines for student conduct and digital citizenship)

The school is committed to maintaining a safe, respectful, and engaging online learning environment. Students are expected to uphold the same standards of behaviour during distance learning as they would in a physical classroom.

EXPECTED POSITIVE BEHAVIOURS

Students are expected to:

- Participate actively in all live and assigned online learning activities
- Be prepared for lessons with necessary materials and prior tasks completed
- Maintain focus and sustained attention throughout the session
- Follow appropriate online classroom etiquette (e.g., camera use as directed, muting/unmuting appropriately, responding when prompted)
- Communicate respectfully and appropriately with teachers and peers
- Collaborate positively during group work, including breakout room activities
- Demonstrate responsibility through punctuality and consistent attendance
- Use school technology and platforms safely, responsibly, and for educational purposes only

UNACCEPTABLE / NEGATIVE BEHAVIOURS

The following behaviours are considered violations of the school's behaviour expectations:

- Off-task behaviour (e.g., accessing unrelated websites, applications, or devices during lessons)
- Lack of engagement or refusal to participate in learning activities
- Disruptive behaviour (e.g., interrupting, inappropriate chat use, misuse of microphone/camera)
- Poor time management (e.g., late login, leaving sessions without permission)
- Repeated absence or failure to attend scheduled online classes
- Misuse of technology (e.g., sharing inappropriate content, unauthorized recording, misuse of digital platforms)
- Any form of disrespectful, inappropriate, or unsafe online interaction

CONSEQUENCES FOR INAPPROPRIATE BEHAVIOUR

A graduated response will be followed, taking into account the frequency and severity of the behaviour:

1. Reminder / Warning
Verbal or written reminder of expected behaviour
2. Teacher Action
3. Parent Notification
Communication with parents to address concerns and support improvement
4. Referral to School Leadership / Wellbeing Team
Behavior logged and further intervention implemented (e.g., counselling support, behaviour plan)
5. Further Disciplinary Action
In line with the school's Behavior Policy and UAE regulatory guidelines

BUS BEHAVIOUR

The use of school buses is to ensure students travel safely to and from school. The following is a stepped action procedure to ensure the health and safety of the students is not put at risk whilst travelling on the bus.

Inappropriate behaviour on the bus includes:

- Moving around the bus while it is moving
- Standing up while the bus is moving
- Throwing items inside, or outside of the bus
- Shouting
- Inappropriate language
- Verbal and/or physical abuse towards others
- Bullying or fighting
- Littering
- Damaging the bus
- Distracting the driver
- Refusing to follow instructions from the driver or conductor
- Failing to wear a seatbelt
- Getting off at an unauthorized stop
- Bringing friends onto the bus without written permission from the school
- Placing anything outside of the windows of the bus at any time.
- Eating or drinking on the bus
- Breaking the alarm systems for no required reason
- Not respecting the personal space of others.

Actions

When an incident is reported, the bus incharge, will inform via email to the head of operations, head of school, DSL, phase head, cc'ing the class teacher/ form tutor about the inappropriate behaviour.

Actions for Repeated Inappropriate behaviour

- Upon committing- A verbal warning by Form Tutor/ Class Teacher/ DSL also informing the parent via a phone call and logging down the call.
- Upon repeating- A verbal warning, letter/email to parents by Phase Head
- Upon committing the 3rd time- Formal written warning to parents and a formal detention by Head of operations.
- Upon committing the 4th time- A 3 day ban, to ensure safety of other passengers by the Head of operations
- Upon committing the 5th time - A permanent bus ban by the head of operations

In all cases, the staff member speaks to the student and ensures student identifies desirable behaviour and articulates reasons why this/her behaviour choice was poor and what the consequences of the poor behaviour result in. The school will deal with non-criminal offence which occur anywhere on the school premises/online and which are witnessed by a staff member or reported to the school

We are committed to creating a safe, caring, and supportive learning environment where every student can thrive. Our approach to behaviour management is rooted in the following principles:

Respect: Promoting positive relationships built on mutual trust, respect, and kindness.

Self-Esteem: Encouraging every student to value themselves and others.

Self-Discipline: Supporting students in developing responsibility for their own actions and choices.

Fairness: Ensuring consistency, impartiality, and equality in our response to all behaviour.

Positive Reinforcement: Recognising and rewarding desirable behaviour to strengthen positive habits.

Early Intervention: Addressing concerns promptly to guide students back onto a positive path before issues escalate.

Safety and Well-being: Safeguarding the rights of all members of the school community to feel secure and respected.

We believe that early interventions play a vital role in promoting positive behaviour, and we strive to balance guidance and discipline with empathy and understanding. At the same time, we maintain clear expectations and boundaries, applying consequences fairly and consistently for both desirable and undesirable behaviour.

Through these principles, we aim to foster a school culture where students are empowered to learn, grow, and contribute positively to the wider community.

POLICY REVIEW

 This policy will be reviewed annually, or sooner if required, to reflect operational needs, changes in legislation, or updated guidance from the KHDA
